JAMILA BARFIELD, EMT CPR INSTRUCTOR, DOULA, Lactation Consultant

Entrepreneur, Company Owner at CPR II Emergency Medical Services, Doula, Childbirth Educator
Alameda, California, United States

Summary

As an American Heart Association CPR Instructor and American Red Cross CPR Instructor, I've provided hands-on, life-saving emergency medical training based on the AHA's latest medical science and American Red Cross. Since June 2021, I've been teaching CPR courses and have trained hundreds of students, professionals, and community members to respond to cardiac and respiratory emergencies.

I am certified as an Emergency Medical Technician (EMT) and a Certified Nursing Assistant (CNA) by the Georgia State EMS Office. I am also a podcaster and small business owner who provides unbiased approved educational and medical content to support a healthy and happy lifestyle. I am a strong advocate for education and resources for affordable healthcare, mental health support, and justice for African American communities and low-income families.

In addition to my CPR Instructor role, I have worked as a CNA at the U.S. Department of Veterans Affairs since June 2023. I deliver fundamental, knowledge-based care to patients in the Community Living Center (CLC) under the supervision of a licensed registered nurse (RN). I am passionate about providing quality patient care, advocacy, and positive communication driven by compassion, humanity, integrity, education, and excellence. I have over 20 years of healthcare experience in various settings, including geriatrics, emergency, and catering. I am pursuing my Bachelor of Arts in Health and Human Services at Western Governors University.

Experience

CPR II Emergency Medical Services, LLC

Company Owner

June 2021 - Present (3 years 4 months)

Atlanta, Georgia, United States

Our CPR Emergency Medical Training provides hands-on life-saving skills based on the current medical science of The American Heart Association.
